From West of Hudson River (Orange, Sullivan, Ulster & PA):

I-84 East. After Crossing Newburgh-Beacon bridge continue on I-84. DO NOT TAKE EXIT 18 (Patterson, RT.311). Take exit 19 (Route 312-Carmel). At light turn left onto Rt. 312. Stay on 312 for 2 ½ miles (across RR tracks, past school complex) to second light where 312 ends as it intersects with Rt. 22 (McDonalds across 22 in front of you) Turn left onto At. 22. The next light is the 5th light on 22. Turn right and proceed as in B below.

From CT, MA and points East:

Take I-84 West. After crossing border from CT into NY take Exit 20. Follow signs for- "Pawling-Route 22 North". This will bring you to point where I-684 ends and Rt. 22 begins. Proceed as in B below.

B) Take I-684 to end. Do not take any exits (specifically do not take exit for Rt. 22 South) Stay in left lane of I-684. I-684 will simply collapse from 3-lane highway into a lone lane road (it is the left lane that will remain). Follow signs for- "Pawling-Route 22 North". Once on Rt. 22 go the 5th traffic light. (4th light is at McDonald's... if you come to blinking light you've gone too far. Make U-turn and go left at first light.) At 5th light turn right onto Doanesburg Road (You probably won't see street sign but there is big sign for- "Mt. Ebo Industrial Park). Take Doanesburg Road to end (3 miles). You will pass through "Green Chimney" which looks like a farm. At end of road there is a stop sign. Turn right. You will pass VFW Post on your- left. In about ¼ mile, the road forks at monument to war dead (firehouse on your left). Take left fork (if you go right you will be in CT.) This is Haviland Drive. You will pass a lake, baseball field and the Rock Church all on the right. Keep going. A little more than a mile past the fork you will arrive at Sacred Heart on your left.
